

Hair for Hope 2010 Celebrates GELPA's 36th Anniversary

Tuesday, 6th July 2010

In commemoration of their 36th anniversary, Great Eastern Life Planners Association (GELPA), with support from Great Eastern, organised their very first Hair for Hope 2010 satellite event on Tuesday, 6th July, at the Great Eastern Centre at Pickering Street.

Once again, our returning shavees did us proud by garnering support from their network of influence. Clement, a returning shavee and a life planner with GELPA, together with his professional colleagues from the Association, managed to put together the satellite event that attracted 48 shavees.

We thank the CEO of Great Eastern, Mr Tan Hak Leh, for staying throughout the event and personally thanking each shavee for their contribution. Special gratitude goes to Mr Joseph Siah, the current Chairman of GELPA and the management of Great Eastern for extending their support to CCF's cause. Life can be great for children with cancer with a partner in Great Eastern!
