

Saint Joseph's Institution International Returns a Second Time

The sun shone on the morning of 27 August 2010 when the shavees filed into Saint Joseph's Institution (SJI) International. Mr Brian Christian, the Principal of the high school, delivered an inspiring short address to the students and teachers who attended the shave. This was the school's second shave, which welcomed 18 brave males and 1 female who sacrificed their hair for a good cause.

A student who hails from Vietnam, Truong Vu Yen Nhi, 16 years of age said, "I am keen to support the children with cancer and the only way I can do my bit is to shave. I am enthused about my first time effort to shave as it's my way of empathising with the children who have cancer. I have been in Singapore for a year as a student of SJI International."

Children's Cancer Foundation foresees another year of unwavering support from the staff and students of SJI International. We are deeply heartened by the support that SJI International has extended to the cause.
