CHAIRS FOR CHARITY

Five specially designed Osim massage chairs will be auctioned off to raise money for the Children's Cancer Foundation as part

of Osim's 25th anniversary celebrations.

Lending their hands to create artwork on the upholstery of these chairs — known as the iSymphonic AV — will be five local celebrities: cartoonist Lee Chee Chew, 12-year-old piano prodigy Abigail Sin (above right), badminton player Ronald Susilo (left), entertainer Kumar and news presenter Wang Yan Qing.

Their drawings will be completed and put on public display by late next month, and the chairs will be auctioned at the end of the year.
