From Diagnosis to Recovery

- **January 2024:** Mira was diagnosed with leukaemia. After treatment, she went into remission.
- **Early 2025:** The cancer returned, more aggressively. A bone marrow transplant became essential.
- **28 April 2025:** Austin underwent the procedure. He felt nervous, yet confident: “I knew it was the right thing to do. ... just don’t give up.”

A Family Guiding Others with Compassion

Their father, a veteran participant of **Hair for Hope**, has supported childhood cancer fighters since 2013. Finding himself in this journey as a parent of a patient brought a deeper understanding and empathy.

Today, he reminds families:

“You are not alone. Take it one day at a time. Hope is always there—even on the hardest days.”

A Brother, A Sister, A Nation’s Hope

Austin’s “Let’s do it” reflects more than familial duty—it embodies Singapore’s spirit: facing challenges together, with heart and conviction.

For SG60, this moment reminds us: **our strength lies not only in institutions, but in deeds of the heart—one bone marrow donation at a time.**
