Together Against RSV SG

VivoCity to Supp

4 min read

More than **1,800 Singaporeans** are gathering at **VivoCity** this weekend (**26–27 July 2025**) to shave their heads in solidarity with children battling cancer. This marks the return of **Hair for Hope (HfH) 2025**, the **Children's Cancer Foundation's (CCF)** signature fundraising and awareness movement.

Themed “**Together, We Can**”, this year's campaign is a powerful call for Singaporeans to unite in support of children with cancer and their families, fostering empathy and reducing stigma surrounding hair loss during treatment.

Since its inception in **2003**, Hair for Hope has become Singapore's **largest head-shaving movement**, attracting over **75,000 shavees** and raising **\$54 million** to date.
