TRIBUTE

Catch up on the latest happenings and updates from Children's Cancer Foundation in the first half of 2026.

Childhood Cancer Awareness Month (CCAM)

This September, we commemorate Childhood Cancer Awareness Month (CCAM) by remembering the brave children fighting cancer, honouring those we have lost, and celebrating survivors as they thrive beyond cancer. We also stand alongside the families navigating this journey with them.

As part of CCAM, CCF organised the Walk of Hope on 12 September, bringing our community together to support the holistic well-being of children and families — caring for their mental, emotional and physical well-being, while walking alongside survivors as they continue life beyond cancer.
